In Dec last the Police Dept. This being against rules It was ordered in connection with the remarks that when sanction was applied for extra charges the same should be separately applied for with proper statements &c. The Dept now submits those proper statements for sanction & submits the Budget Estimates.

Item No 1 (Increase to the Managers pay) calls for no explanation beyond what is indicated in the proposition Statement that the Manager used to be paid ₹150 per month under the rules of 1876.

Item No 2 (Mahr. Batta to Mahrad Peadmen ₹20) is obviously intended for the purpose of paying a small extra allowance to Village servants (Vetis & Talaris) who are made to watch almost all the high roads & result that during night-time & for the whole year to look after Established footpath watch on certain high roads. The Bhil Agency Police wanted ₹892 per annum extra for these purposes putting the allowance to Vetis & Talaris at say a Rupee per month for their extra services. The Dept. Wd also want ₹240 (or ₹20 per month) for these purposes and has directed the Bhil Agency to regulate the extra expenditure within this reduced limit devising if necessary the distribution of the existing allotment. This extra charge, may, it seems be sanctioned with the remark that Vetis & Talaris who patrol the roads within the limits of their own villages may be considered eligible for extra remuneration —

Item No 3 (₹68 per month Mahrad Batta extra for Radnors

is on account of 3 men (more than Budget provision) being posted to Mukhad Post viz Sniper (2 men) & Bombardier in Terekeray Takuk (1 man). Indeed, these men have been there from 1887 & seen acc of the usual battle - But this has been through another year & part of the fact that they are beyond Sanchined limits Post Exp/re has been met from Savings, & future expenditure is now provided for in the Budget.

Early orders are necessary as the new year is close at hand

No. 2019/419.

Dated Bangalore 16th December 1889.

Sir,

I have the honor to submit for sanction the Budget Estimates for the year 1890-91. I have in a separate memo explained the increase under the different heads. Nearly all of them have already been sanctioned by the Government. An addition of Rs. 318 has been made for Malnad or ghaut batta, Rs. 240 for the Kolar District and 78 for Kadur. The former provision has been found necessary for paying a small remune-ration to village servants now employed in

guarding

guarding puvvic roads yz hilly tracts which are much frequented and on which owing to facilities afforded by the natural features of the Country, travellers run a more than ordinary amount of risk of being waylaid. The Deputy Commissioner of Kolar, has proposed an addition of Rs. 800 which I have reduced to Rs. 240. Rs. 78 provided for Kadiri is required for payment of batta to men stationed at Ghaute Kanava and other sickly localities where Police Service is attended with special hardship.

2. An increase of Rupees 25 per month is proposed to the pay of the manager of this office which is now Rs. 95 per mensem, making it Rs. 120 per mensem. The scale sanctioned by the Government of India in No. 8601. F 535 dated 11th February 1876, was Rs. 150 to rise from Rs. 120 by annual increments. The pay of Rs. 120 now proposed would be more in keeping with the pay of the managers of other Departments and

Offices

offices under Government. The work of the office and its correspondence has considerably increased of late thereby adding to the responsibility and trouble of the manager. Like the military Department, this office has to attend to a large amount of work in connection with the supply of clothing and accoutrements. In these circumstances it seems but fair that the manager's pay should be increased to Rs. 120.

I have the honor to be

Sir,

Your most obedient Servant.

His No: 1254 of 19th ultimo.

In reply points out that the distribution of 2 Constables to the Sringeri Station was included in his proposal contained in his No: 161 of 27th April 1887, and the same was sanctioned by this office in No: 344/26 of 6th May 1887. The posting of 2 Constables to the Sringeri Station was therefore not an error

Again one Constable was posted to the Kavanavati outpost out of ten additional men attached to the Reserve Force. The said addition to the Reserve was pointed out by this office to be disproportionately high in the

the number above referred to, so that the decrease of one man from the Reserve Force may not have materially affected its Strength. The Inspector General of Police does not see on what grounds the Deputy Commissioner urges the necessity for 3 additional men to his District. —

The sum of Rs 6-8-0 paid to the above men as Imaluad Batta may be met from the Savings that may be effected under that Head at the end of the year. Necessary provision will be made in the ensuing year's Budget for the payment of double batta to the men of the Stations referred to in the above, except Yedahalli.

With reference to docket No. 300/27 dated 13th May 1889, from the Inspector General of Police, I have the honor to request that you will be good enough to move the Inspector General of Police to be pleased to increase the grant for batta for men in Malvad and ghat stations from Rs 700/- to 1,500/- for this District in the ensuing year's Police Budget as already applied for, so that the village Servants who are made to watch almost all the high roads and difficult ghats during night time, may also be paid some remuneration, say a Rupee or so per month for their

The grant for oil and petty stationery of Jamas should be increased from Rs 75-8/- to 850/- a year in order that oil may be supplied also to the several Cookoods established for the Constables and Village Servants to protect the roads &c during night time, since this extra outlay cannot be met from the present allotment.

Memo 66

On the evening of the 25th instan I was glad to find the night watch well maintained by the Police and village Talaries.

There was no light at any of the posts. The men were seated in the dark. They complained that neither oil nor gorui sticks were supplied to any of the outposts. Their complaint was quite reasonable and to make them watch throughout dark nights without light is to say the least cruel. The Police Assistant is requested to supply the necessary oil and the Amildars a sufficient number of gorui sticks from the nearest District jungles. It is but fair to remunerate each village Talari or other servant by at least a rupee a month for their service which is important one. This may be paid out of the grant for rewards for good service

Sir,

I have the honor to forward for reference a Comparative Statement showing the amount of Single and double batta Sanctioned and that now actually disbursed to Police men serving in the malnad of this District.

2. The claim to double batta ... by the men at Gedahalli and Sante" ... Kanane outpost (Tarikere taluq) was the Cause of a thorough overhauling of all previous Correspondence on the subject; when it was discovered that a net increase of

Rs

Rs 6-8-0 has been monthly disbursed over the sanctioned amount, which is clear on perusal of the above mentioned Statement. This un-authorized increase has been disbursed since the date as particularized in the margin which has evidently escaped the notice of the Treasury depart.

3. The error arose from 3 Constables being posted to the Kalawa out of the extra Complement of 20 Constables sanctioned in Despr General docket No: 344/26 d/6th May 1887, without making the necessary application for sanction & batta for these 3 men. It is now necessary to obtain sanction to the extra charge incurred since August 1887, and formal sanction of batta to these 3 men.

4. The Police men stationed at Yodahalli and Jaute Kanane now claim

Particulars of unsanctioned batta disbursed since August 1887.

claim the privilege of double batta. In the list of Stations recommended for double batta submitted to the C.S Inspector General with C.S docket No: 161 of 27th April 1887, Yedahalli was omitted because there was then no difficulty there in obtaining supplies, but under the present situation of the place with extensive bridge works going on in the neighbourhood of Balehonoor & Hariharpur, prices have rapidly risen.

5. Sunke Kanave outpost was the only newly established and single batta was recommended to the men Stationed there. Considering the isolated situation of this outpost in a wholly malvad locality, and the fact that the men at the Karehalli C.S outpost in the Shimoga Taluq, which is only 2 1/4 miles distant, are Staked to receive double batta, it seems but just that these men should get the same.

If the salaries of all the Assistant Commrs. are provided for separately by the Comptroller, as appears to be the case, the local allowance of Rs. 900/- per annum payable to the Assistant Commissioner at Head Quarters should alone be included under the head "Head Quarters."
